Flash Floods Bring Complaint That Water Diverted Does Damage

Mayor McMillen Denies this Explanation, Will Study Cause Hereafter

A few residents of Main street and the Warriner subdivision appeared before the village board Tuesday evening in complaint over the excess amount of water that flooded their properties in the heavy rains of July.

They were told by Mayor James McMillen and several of the trustees that while they sympathized with them in their plight there is nothing they can do about it.

K. F. Detrick, of Windsor drive complained that since the improvements were made at the Larson subdivision and First st. that water has been diverted in the direction of his property, crossing back of the Robert Jensen property.

Mayor McMillen disagreed with him on this matter and said that water has always drained off in that direction and the fact that there were two flash floods this year made it seem like more.

Trustee E. H. Glenn suggested and Trustee John Blackman agreed that the paving of streets and other improvements may send the water down the incline faster, but no more water is coming down than otherwise.

Dean Williams, local merchant, residing on Main st. said that at least two loads of valuable dirt have been washed from his lawn.

Mrs. Robert Coddington said that her property has been flooded.

The trustees explained that two catch basins have been placed in the Larson subdivision, and normally they should take care of surface water, but in the event of a flash flood they are inadequate.

Detrick said he had pictures to show that the flood at his place was more than usual.

Larger Storm Sewer Needed
Mayor McMillen said that the only solution to the problem would be a larger storm sewer.

Yankees Win Five Straight Games, Lead Little League Series

The Yanks continued their winning streak by making it five victories in a row last Friday night when they trounced the White Sox 11 to 0. Roger Brown was the winning pitcher, being relieved by Henry Lindblad in the fifth inning.

Richard Good was behind the plate for the Yanks. Al Wenniger hit a home run for the Yanks in the fourth inning driving in three runs. Mike Horan drove in two runs with a double in the second inning. Richard Good got credit for two runs with a double and Dave Birch hit a three bagger in the Yankee hitting spree.

The Tigers took the Sox to camp in a 6 to 0 game Thursday. Hogan and Denman were the batteries for the Tigers. The Giants beat the Dodgers 6 to 2 on Wednesday night. The Dodger-Tiger game was rained out, and the Dodger-Cub game was called off. Both will be played later.

As of Sunday night, August 5, the standings were as follows:

Team	Sponsor	Won	Lost	Pct.
Yankees	Nat'l Bank	5	0	1.000
Cubs	Ant. Servicer	3	1	.750
Tigers	State Bank	3	3	.500
Giants	Ant. Lumber	2	3	.400
Sox	Dupre Heating	1	5	.200
Dodgers	L. V. Drugs	0	2	.000

The games scheduled for next week are as follows:

6:30 Thursday, Aug. 9—Sox vs. Cubs

6:30 Friday, August 10—Tigers vs. Dodgers

The Little League will play off the rained out games the week of August 13 through the 19th. The coaches of each team will make arrangements to complete the second round of play and will advise their teams of play off games.

Eight Local Men in Backward Race

Ray Toft, owner of Ray's Shell Station, Antioch, put seven cars in a specialty backward race at the Wilmot track last Saturday. An eighth car was provided by the Loon Lake Service.

The object of the race was to drive around the track five times, and then to do the last lap in reverse.

George "One-Way" Ross, of Padock Lake, Wis., led the field for the first regular five laps and then did an extra lap, failing to do the last one in reverse.

The race was won by Ray Toft, driving a Chevy coupe.

Other drivers were Murph Toepfer, Bernie Gutowski, Art Pye, Bill Paschke, Les Zipkus and Richard Peacock.

Be Certain About TB; Get Free X-Ray Aug. 15

"Why take chances with serious illness later on? Get a free TB X-ray now. Tuberculosis is much easier to cure when caught in the early stages."

This will be the advice the Lake County Tuberculosis Association will offer next Wednesday when the association's mobile X-ray unit will be stationed in Antioch at the corner of Lake and Main streets from 2 p. m. to 7 p. m.

The X-rays are absolutely free, and the service is provided as public benefit and precautionary measure by Tuberculosis association all over the country. Notices will be sent to all persons X-rayed as results.

Since the mobile X-ray unit will visit the various Antioch schools during the school term, no person under 18 years will be X-rayed at the unit's stop in Antioch next Wednesday.

High School Musicians First Antioch Band To Play at State Fair

Music Boosters to Provide Chaperons; Elect New Officers

Probably the first band from Antioch ever to play at a state fair, the Antioch Township High School band will leave for Springfield early Monday to take part in a band competition program at 3 p. m. that day. They will return the next day to Antioch.

There are 60 members in the organization and Antioch residents got an idea of their performance at a public concert Monday evening at the school lawn.

The Music Boosters group met in the school cafeteria following the concert with Director Louis Chenette acting as temporary chairman. The following officers were elected unanimously on recommendation of the nominating committee:

John Romer, president; John Ser-shon, vice president; Mrs. Philip Wagner, secretary; and Mrs. Robert Dugan, treasurer.

The group also voted to allot the profit on the ice-cream social held in July to help pay the cost of transportation of the band to Springfield. Plans also were made for members of the group to act as chaperones to accompany the band to the state fair, and to the Chicago and Music Festival on August 18.

V.F.W. May Take Over Moose Lease on Elms Building on Main St.

There is a probability that the Antioch post of Veterans of Foreign Wars will take over the lease of the Elms building from which the Moose lodge is moving into the building shared by the Snowwhite fountain, which it bought.

Cmdr. Richard Seyfarth of the V. F. W. appeared before the village board Tuesday evening and asked if the board would grant the post a club liquor license if application were made. He was informed that there is no limit on the number of club licenses that can be issued in Antioch.

Mayor James McMillen warned that club licenses in Antioch mean that only club members can patronize the bar in contrast to some places where lodges operate with no restrictions.

Cmdr. Seyfarth said he was aware of that and the bar would be restricted to club members only.

The Moose lease on the building has four years yet to go.

The V. F. W. has operated at Loon lake and other places.

Volunteers of America Will Sponsor Tag Day in Antioch, Saturday

Antioch, along with communities all over the country, will take part in the annual nationwide Tag Day for the Volunteers of America this Saturday, August 11. Mrs. Laura Swanson, 628 Parkway, will be in charge of finances and taggers here and hold headquarters at the village hall.

Small heart emblems symbolic of the sixty-year service record of the Volunteers of America organization will be offered to the public by young people to help support the widespread program of social service for those in need, regardless of color or creed.

This association helps out in two ways—both materially and spiritually. Over two and a half million people received material assistance from the Volunteers of America last year. About one million received spiritual aid and guidance.

This Saturday's collection will be the organization's only appeal for funds to the public this year.

Kenosha County Fair Opens at Wilmot, Wis. For 4-Day Exhibition

Fair Believed to Be Bigger and Better Than Ever; Expect Big Crowds

Featuring horse and cattle shows, exhibits, parades, stock car races, wrestling, refreshments and many other attractions, the Kenosha County Fair will open today at Wilmot, Wis., and run through Sunday, August 12.

Special attractions on the forty acres of fair ground space, which has been sprayed for flies and mosquitos, include a showing of various kinds of milk and a new poultry building with a bigger poultry display than in previous years.

After Thursday afternoon's free horse show, grandstand prices Friday through Sunday are \$1 plus tax for adults and 25c for children. Friday will be Children's Day at the fair, and special prices on rides will be offered during the day.

Free midway acts will take place each afternoon and evening and include four acts all the way from the stage to 125 feet in the air. One of these is "Joe Lemke's College of Chimps," an act of highly trained chimpanzees. "The Latin Duo," a young couple doing feats of balancing on the trapeze; the "Hollywood Skyrocks," who do intricate and dangerous routines on the high poles and bars, and "Geo. and Josephine Gasca," a tight wire act, will all be seen.

The program of events at the fair will be as follows:

Thursday, August 9:

Afternoon:

2:00 p. m. Children's horse show.

3:00 p. m. Free Midway acts.

12:00 Fat Stock judging, beef, sheep and swine.

12:00 Women's Dept. judging.

12:30 p. m. Woodwork judging.

3:00 p. m. 4-H Beef showman-ship.

Evening:

8:00 p. m. Horse Show

9:00 p. m. Free Midway acts

Friday, August 10:

Morning:

10:30 Big parade through the grounds

11:30 Dairy cattle judging, 4-H and F. F. A. All breeds except Holsteins.

8:00 Judging of fine arts, flowers farm crops

10:30 Food judging—Junior Fair.

Afternoon:

3:00 Dairy cattle judging. All breeds except Holstein.

3:00 Free midway acts

5:00 Beef sale, livestock area.

Evening:

8:00 Grandstand—Wrestling, Hans Schmidt, Bill Melby, Kathy Starr, Rose Roman, Benito Gardini, Don De Cortez, Cary Gray, Don Pollack.

9:00 Free midway acts.

Saturday, August 11:

Morning:

9:00 Poultry judging

9:30 Dairy cattle judging, Holstein, 4-H and F. F. A.

11:30 Dairy cattle showmanship, 4-H and F. F. A.

Afternoon:

1:00 Dairy Cattle judging, Holstein, open class.

3:00 Free midway acts

Evening:

6:30 Stock car race—time trials

8:00 p. m. Stock car races.

9:30 4-H Booth exhibit awards.

9:00 Free midway acts.

Sunday, August 12:

Afternoon:

2:00 Rodeo—Grandstand

4:00 Free midway acts

Evening:

7:00 Livestock parade

7:30 4-H awards presentation

7:30 p. m. 4-H Dress revue

8:00 p. m. Rodeo, grandstand.

9:00 p. m. Free midway acts.

UP CAPITOL HILL GO JACK AND JILL

Mrs. Maude Kettlehut Formerly of Antioch Dies in Weslaco, Tex.

Mrs. Maude Kettlehut, whose husband, Oliver Kettlehut operated a meat market in the King building more than a quarter of a century ago, died Sunday, Aug. 5, at Weslaco, Texas, according to word received here by acquaintances.

The Kettlehuts left Antioch soon after Mr. Kettlehut sold his meat market to Oscar Hachmeister in 1923. The market burned four years ago.

There were three daughters, the late Mrs. Ruth Prenger, and twins, Helen and Irene.

Burial was in Texas.

Farmers in Newport Warren Township Say "Abandon Toll Road"

Farmers in Newport and Warren township this week sought the name backing of the Lake County Farm Bureau in sending a committee before the Toll Road Commission in Chicago to protest methods used in obtaining the right of way for the toll road across their land.

Twenty-five of them assembled at the American Legion Hall in Gurnee Monday evening and laid their troubles before Guy Baxter, Illinois Agricultural Assn. transportation committee head, and Atty. George Marker, Chicago, head of the I. A. A. legal department.

They said they were being given a flat rate for damages without knowing just what the damages would be. They were upset over the problem of drainage.

Baxter informed the farmers that the toll road will mean the closing of Townline Stearns School, and Sand Lake rds. in Warren township and Edwards rd. in Newport township.

The farmers say they want the state to abandon the toll road in Lake county and make Rte. 41 a freeway, just as Edens highway is now operated.

Urges Grade School Registration Before Fall

"Any new families who have moved into the Antioch Grade School district recently or have not previously registered should come in and register before school starts," advises Richard Whitacre, principal of the grade school. "This is to avoid delay in registration on the first day of school," he added.

Grade school offices will be open from 9 a. m. to 4 p. m. Monday to Friday for registration.

Camp Lake Gardens Man Caught With Goods Stolen from Lake Villa Lumber Yard Sunday

A Camp Lake Gardens, Wis., resident was arrested Monday night at his home and charged with the theft of more than \$900 worth of merchandise that had been stored by organizations of St. Peter's Catholic church of Antioch at the Lake Villa Lumber Co.

The merchandise was left over from a festival held a week ago Sunday at Sherwood park in Lake Villa.

The man is George L. Stowell, 25, said to be an ex-convict who had been employed at the lumber yards and knew where the merchandise was stored. He is in Lake County jail with bond set at \$10,000.

Lake County sheriff's Investigator Hugh Kennedy and Chief Investigator William P. Schmitt, Floyd Hughes and Deputies Ernest Oberhofer and Alfred Oetting of Kenosha county effected the arrest after tracking Stowell all night.

They recovered the loot in a woods near Twin Lakes, Wis., and in Stowell's car. It included two portable television sets, seven camera sets, 22 binoculars, 9 radios, two record players, 16 cigarette

Deep Lake Child Dies Of Bulbar Poliomyelitis

After being sick only a few hours, Donald E. Sonnenberg, 2, of Deep Lake Subdivision, Lake Villa, passed away suddenly Saturday night at 11 p. m. at St. Therese hospital in Waukegan.

A coroner's pathologist ruled that the child had died of bulbar poliomyelitis. The cause up to Monday had been a mystery.

Born on May 25, 1954, in Waukegan, Donald moved with his mother to Deep Lake last August. He was preceded in death by his father, Vergil E. Sonnenberg, who died December 25, 1954.

The boy is survived by his mother, Charlotte Sonnenberg; his maternal grandparents, Mr. and Mrs. Wilford M. Palmer of Lake Villa; and his paternal grandparents, Mr. and Mrs. John Sonnenberg of Westfield, Wis.

Funeral services took place at 1:30 p. m. Tuesday at St. Andrew's Episcopal church in Grayslake, with Rev. John Smedberg officiating. Interment was at Angola cemetery at Lake Villa.

The case of polio is the sixth in Lake county this year. Previous cases were not severe because most of the patients were children who had received the Salk vaccine shots.

Henry G. Onstad, 73, Father, Brother of Two Local Men, Dies Sat.

Henry G. Onstad, the father and brother of two Antioch men, died suddenly last Saturday morning of a heart ailment at the age of 73. Mr. Onstad, who has resided at Bohners Lake near Burlington, Wis., was at Eustis, Fla., at the time. He was the father of Kendall Onstad and the brother of Oscar Onstad of Antioch.

Born on March 10, 1883, in Ames, Iowa, Mr. Onstad lived in Minneapolis for twenty years before coming to Chicago in 1928 and to Bohners Lake three years ago. A retired consulting engineer, he had designed and built the largest grain elevator in the world for the Albany Port Commission in Albany, New York.

He is survived by his wife, Lois; two sons, Rollin of Indonesia, Sumatra, and Kendall of Antioch; two brothers, Oscar of Antioch and Joseph of Houston, Texas; one sister Mrs. Susan Haegenson of Minneapolis; and seven grandchildren.

The funeral took place at 1 p. m. Wednesday at Strang Funeral home, and the Rev. Gerald Robinson of the Lake Villa Methodist church officiated.

Is Hospital Patient

Mrs. Evelyn Fencil, Lake Marie, was taken to Victory Memorial hospital, Waukegan yesterday for care after she suddenly became ill.

Lions Pool Dedication Parade and Program Drew Large Crowd

Parade and Entertainment Were Unusually Successful, General Opinion

Sunday was dated as the official opening and dedication of Antioch's Aqua Center in Williams Park both by the new bronze plaque on the building and in the memory of hundreds who saw an outstanding parade and some fine aquatic entertainment.

The day's festivities started with an unusually large parade which started at the Antioch Township High school and passed through Main st. to the park. Hundreds of persons lined the streets in viewing the various organizations and many floats.

The parade was led by a joint color guard of the American Legion and Veterans of Foreign Wars, marching to the music of the 85th Regiment Reserve Army Corps band.

Next came the most beautiful float of the parade, Abbott's prize winning service float.

The fire department had four trucks in the parade, including one of the earliest, now an antique possession of George Borovicka.

New Rescue Squad Car Shown

The new Antioch Rescue Squad truck, with its new glass window, features drew much favorable comment.

A car conveyed Mayor James McMillen, Rep. W. J. Murphy, President George W. Jensen and Master of Ceremonies Loren Sexauer, and this was followed by other cars bearing Lions Club members and directors of the Lions Club Community Service Corp., who produced the new swimming pool. Drivers were Ed Runefeld, Bruno Manzano, and Jack Fields for Feyerabend's.

The Antioch News float depicted (continued on page 7)

Two Women Injured In Collision Tuesday

When their automobiles collided at the intersection of Rte. 83 and Rock Lake rd. north of Antioch at 7:49 p. m. Tuesday, two women drivers received injuries that sent them to the hospital.

They were Mrs. Lucienne Washington, 57, of Silver Lake, Wis., who was on her way home from Antioch, and Mrs. George Haskins, 49, 3104 Irving Park ave., Chicago, who has been staying at Lake Catherine.

Mrs. Haskins was driving a 1956 station wagon and was accompanied by her young daughters who escaped injury.

Kenosha County sheriff's police said that in the crash the Haskins station wagon caromed off the road against a tree.

The Antioch Rescue Squad members, Capt. Herman Holbek and Everett Oftedal took the women to Victory Memorial hospital in Waukegan where they were treated for head cuts and shock.

Antioch Boy Scouts Hold 7-Day Camp On Donated Property

Twenty-five Boy Scouts of Troop 93, sponsored by the Antioch Lions Club, will leave Sunday for a seven-day camp-out at Deer Lake, Ill. The camp site, which is four miles east of Antioch off Route 173, was donated by several local merchants.

Eight fathers will be advisers at the camp, and Scoutmaster Jim Horton will be in charge.

During the outing, the boys will have three classes in Scouting a day, taught by trained leaders, and will do all their own cooking. Swimming, boating, canoeing, and full training in all Scouting advancement are planned to keep them busy.

Anyone interested in visiting the camp is invited to do so. To get there take Route 83 east and follow the signs in.

Little League Players And Parents to Picnic Fox River Park Sun.

The annual Little League picnic will be held next Sunday, August 12, at Fox River Park, near Wilmot, Wis., starting at 1 p. m. Games and prizes will be offered and families are requested to pack their own lunches for the picnic.

All the families of Little League and Minor League players and their friends are invited to attend and also those parents who are interested in having their boys in the Little League or the Minor League in the future.

The Editorial Page

More people read the editorial columns regularly than any other department of the newspaper—even including the comics.

That is one of the facts brought out in a reader-survey made by the Daily News, of Tucson, Arizona. Eighty per cent of men readers said they were editorial page followers, along with 72 per cent of the women. That means the editorial page is a "must" with more than three-quarters of the total readership.

This is an age of great controversy, great problems, great questions. The opinion of the local editor is sought and respected by tens of millions of Americans.

* * *

"Preference" Breeds Monopoly

Robert W. Sawyer, of Bend, Oregon, a former president of the National Reclamation Association—recently wrote a letter to the New York Times in which he discussed the workings of the "preference clause," under which public power bodies are given preference over the private utility companies in purchasing power generated at federal plants.

Mr. Sawyer used the Bonneville Power Administration as an example. There has been a steady annual increase in sales to preference customers, accompanied by a decline in sales to the utility companies. He explained the importance and the danger of this development in these words: "Let the trend continue, as it inevitably will unless the preference clause is abandoned . . . and the preference customers will have a monopoly of the federal power. . . . It is monopolistic to a high degree on behalf of preferred customers and thus discriminatory against privately owned utilities and their customers who, after all, have helped to provide the funds for federal power development."

That last sentence is worth an elaboration. The public-power people are always damning non-existent private monopolies—but the plain fact is that, if their program ever succeeds, we ultimately will have a tax-supported government monopoly in which a group of bureaucrats will have control over an absolutely essential service. Secondly, discrimination, of the kind the preference clause creates, is unjustifiable in a country which is supposed to be run on the principle of equality for all.

Lip Service

Woodrow Wilson—who was a teacher and historian as well as a statesman—showed rare prescience when he said in 1914: "Liberty does not consist . . . in mere general declarations of the rights of men. It consists in the translation of these declarations into definite action."

Everyone, with hardly an exception, pays lip service to liberty. But more and more have seemed willing to surrender rights, obligations and responsi-

bilities to the greatest enemy of human liberty—all-powerful government.

* * *

Economic Highlights

The blinding with acid of Victor Riesel—the widely syndicated columnist who has long specialized in labor matters, with, in late years, particular emphasis on racketeering at the expense of working people—stirred national indignation. His assailant is not known. But it is generally believed that he was a tool of mobsters—some of whom are descendants of the gangs of prohibition era—who wanted to shut Mr. Riesel up and keep his exposes from seeing print. They did not succeed. Mr. Riesel, permanently blind as he is, resumed his writing as soon as he was able and has gained a far wider audience than ever before.

In a series of recent articles, Mr. Riesel describes in detail—with a wealth of names, dates and places—how the racketeers operate. Financially speaking, the major unions are "big business" today, and their treasuries are a mighty strong attraction to potential looters. This has been especially true since the welfare funds grew to vast dimensions. According to Mr. Riesel, these funds now total \$31 billion—"actually \$10 billion more than there is in the federal government's old age social security fund." The crooks have used every conceivable kind of stratagem to get control—and to intimidate or squeeze out or otherwise get rid of honest union officials.

They have found additional ways to enrich themselves too. For instance, Mr. Riesel says, "They have become businessmen's 'Partners' by simply threatening to withhold workers from employers whose projects were racing for deadlines set by contracts with the federal government, big cities and private concerns." One of these racketeers tried to extort \$1 million from a company which was building power projects for the atomic defense program. He got caught—and a long prison term was his ultimate reward.

Some of the gentry Riesel describes would fit the common conception of the gangster and racketeer. Others, however, are of an entirely different kidney. Their key word, as he puts it, is "respectability." They have lavish offices in mid-town Manhattan. They have discovered legal ways to make millions for themselves out of the labor movement.

What can be done? Mr. Riesel has several answers. Mobs have been fought—and successfully fought—by labor leaders and union members who had the resolve and the courage. Mr. Riesel names leaders who on various occasions have done that—among them George Meany, Walter Reuther, David Dubinsky and Joe Curran. And there are many little-known local labor leaders who are carrying on the good fight too. But this fight has a long way to go before it will be won. As he puts it, "Certainly there are decent men leading millions in American labor. But there are convicted rapists, extortionists, highjackers, loan sharks, bank robbers, cop killers, professional slugs, gun men, knifemen, narcotics smugglers and perverts as well as acid throwers."

Finally, two more quotations from Mr. Riesel's account are very much in point. The thing the racketeers fear most, he says, is "the spotlight of exposure in the press which goes to their communities, their homes and among their families and neighbors." Later on he writes: "And rank-and-file union members must rally behind their decent officials to throw off the yoke of the crime cartel."

Mrs. William Paulsen and children spent Monday at the home of Mr. and Mrs. Herman Martens at Bellwood.

Mr. and Mrs. Leslie Bonner spent Sunday at the home of their daughter and husband, Mr. and Mrs. Vernon Stahnke, at Arlington Heights.

Mr. and Mrs. Orville Hairrell of Waukegan and grandsons, Terry

Hairrell of Waukegan and Freddie and Dennis Hauser, attended the White Sox vs. Washington ball game at Chicago Thursday.

Mrs. Frank Edwards spent Friday at the John Edwards home in Libertyville.

Mr. and Mrs. Edward Hoffman and son, George, and Richard, Bobbie Boller and Jerry Davis spent Monday at Starved Rock.

Mr. and Mrs. Harley Clark held a family reunion at their home Sunday.

Mr. and Mrs. Frank Edwards spent Friday evening at the Kenneth Young home.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. 583W2

Mr. and Mrs. Warren Welch and two daughters from Madison, Wis., were week-end guests at the Will Welch home. Sunday evening callers were Mrs. Warren Siver and two grandchildren from Waukegan.

Mr. and Mrs. Earle Henry of rte. 173 called on Mr. and Mrs. Fred Leable Thursday afternoon.

Miss Marilyn Jones of Zion visited her friends, Miss Judy Sheehan several days of last week.

Miss Annie Oberst of Chicago spent the week-end at the home of her sister, Mrs. William Richards.

The Oscar Finkel home was the scene of a Finkel family reunion and picnic on Sunday. There were 30 relatives present. Out of town

guests came from Chicago.

Friends from Crane Valle, Sask., Canada, visited the Wm. Strahan family on rte. 173 recently. Mrs. Strahan accompanied them back to Canada where she visited relatives and friends for ten days. She returned home on Thursday, Aug. 2.

Harold Thompson of Zion, his sister, Mrs. Edith Jorgensen of Kenosha, and her house guest and cousin, Miss Helen Thompson of Waterloo, Iowa, were Sunday evening callers at the Will Thompson home.

John Van Patten and his cousin, James Gerber, of Antioch, are spending this week at the Bible Camp at Williams Bay, Wis.

Peter Toft and Clarence Crowley of Antioch visited Curtis Wells on Thursday afternoon. Spencer Wells of Trevor was a Sunday afternoon visitor at the Curtis Wells home.

Mr. and Mrs. Wilson King and children spent the week-end with relatives and friends at Whitewater, Wis.

Mrs. M. E. Van Patten and John and Judy were guests at an outdoor lunch at the home of Mrs. John

Moses on Cooper road, Kenosha, last Thursday.

Mrs. Andrew Magiera, Mrs. Curtis Wells and her guest, Mrs. Stevenson, drove to Winnetka on Saturday to the home of Mr. and Mrs. Henry Addenbrook. Mrs. Stevenson expects to leave for her home in Canada soon, after a visit with her sister, Mrs. Addenbrook.

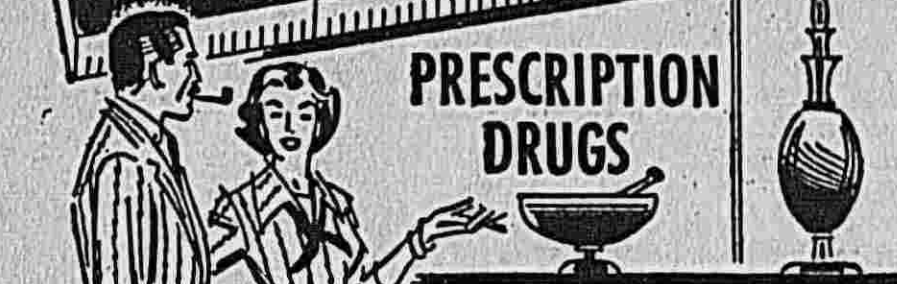

Mr. and Mrs. Wilson King and family were supper guests at the Robert Irish home Wednesday evening.

Nancy Irish was the guest of honor at a birthday dinner party Saturday noon at her home. She was seven years old on Sunday, Aug. 5. The guests were her sister, Barbara Carol Cermak, Lou Munder, Judy Rasmussen, and Susan Littlejohn. Games were played in the afternoon.

A family birthday party was held at the Bob Irish home Sunday evening for their daughter, Nancy's birthday. The guests were the Don Irish family of Volo, the Clifford Ellsbury family of Gurnee, Mrs. Bernice Sittler, and the Wm. Hansen family of Antioch.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Tel. Elliot 6-4454

Mrs. F. York of Ingleside and Mrs. Helen Emerson of Lake Villa do volunteer nursing at the Cook County hospital in Chicago.

Mrs. M. York, Mrs. J. James, Mrs. L. Watson and Mrs. Helen Emerson attended a basketball game at the Schurz High school in Chicago.

Mrs. Helen Emerson was escorted to the East O. E. S. Past Worthy Matron guest of the Sun Set Chapter in Villa Park, Ill.

Mrs. F. Wittboldt will escort Mrs. H. Emerson to the East Saturday as past noble guard of the Odd Fellows lodge. All proceeds raised will go to the Old Folks Rest home.

Miss Ethel Griesse of Glendale, California, spent the week-end with her cousin Clarence Blumenschein and family. They had not seen each other for 35 years.

Helen Fish, Matilda Bartlett were Waukegan visitors Wednesday.

Mr. and Mrs. Bernard Schneider and family were dinner guests at the Ray Mobile home in Lake Bluff last Thursday.

Dale Ducommun of Gary, Indiana, was a visitor at the Fred Bartlett home Saturday evening.

Mr. and Mrs. Anthony Coia are receiving congratulations on the arrival of their third son, Gerald Arthur, born last Thursday. They have two other boys.

The Lake Villa firemen will hold their annual carnival in the village park Aug. 9 to 12.

Royal Neighbors of Camp 460 next regular meeting will be August 14.

The officers of Camp 460 will have a picnic at the home of Georgia Avery. It will start at 1 p. m. All camp members are invited.

The first polio case in Lake Villa claimed the life of Donat Sonnenberg, two year old son of Mrs. Virgil Sonnenberg. He passed away Saturday night after being taken to the hospital.

For a different peach dessert, fill large peach halves with spoonfuls of frozen orange juice concentrate, and sprinkle two tablespoons of flaked coconut per half. Then, slip them into a 425 degree oven three to four minutes or until the coconut browns, and serve warm, says Successful Farming magazine.

A recent Gallup Poll survey discloses that of the United States' estimated adult population of 102 million, 62 million persons use alcoholic beverages, 40 million do not.

Four Generations at Christening

Four generations were represented at the christening Sunday of Kathryn Ann Kakacek, daughter of Mr. and Mrs. John Kakacek, at St. Peter's Catholic church in Antioch. The mother, left, the former Ann McMillen, is the daughter of Mayor and Mrs. James McMillen, center, and the granddaughter of Mrs. J. J. Morley, who is holding little Kathryn Ann. The baby is wearing an heirloom christening robe handmade by Mrs. Morley 53 years ago and worn by three generations. Mrs. Morley has eight great-grandchildren.

Salem

Mrs. Byron Patrick, Correspondent
Tel. Bristol 110-F22

Mr. and Mrs. Earl Elfers of Rock Lake spent Wednesday evening with their parents, Mr. and Mrs. David Elfers.

Miss Lucis Minnis is vacationing at Denver, Colo., Miss Carl Pointer of Kenosha is staying at the Minnis home during her absence.

Mrs. Charlotte Bloss and Mrs. Nellie Head accompanied Mrs. Bessie Elkerton of Antioch to Kenosha on Thursday.

Mr. and Mrs. Andrew Rafferty of Rockford, Ill., spent the week-end with Mr. and Mrs. Byron Patrick.

Mrs. Charlotte Bloss and granddaughter, Jean Bloss, are spending several days with Mr. and Mrs. Harold McSweeney of Delavan.

Mr. and Mrs. Cecil Elyea and daughters, Betty and Jane, have re-

cently returned from a three weeks motor trip to New Jersey where they visited their son, Billie, who is in military training there.

Mr. and Mrs. Tim Harrington and grandchildren of Chicago called on Mr. and Mrs. Robert Patrick on Sunday afternoon.

Due to the fact that the Wilmot Fair is in session this week there will be no meeting of the W. S. C. S. this week. The next meeting will be held on the fourth Thursday of August 23 at the home of Mrs. Arthur Bruen, in the afternoon.

California leads all other states in the number of alcoholics per 100,000 population with a rate of 7,800. Other states with high rates are Connecticut, Nevada, Delaware, New York, New Jersey, Massachusetts and Illinois according to a report of the Yale University Center for the Study of Alcohol.

When painting board fences, slip an old handsaw under the bottom board as you go along, to keep the grass and dirt off the brush, suggests the August issue of Successful Farming magazine.

Plenty of Zip at a pip of a price

*(It's a great time
to buy a Buick!)*

SERIOUSLY—where else can you get so much snap and ginger at such a peach of a price?
Where else can you get a big, high-powered, steady-riding hardtop like this '56 Buick Riviera—at a figure that's pretty close to what they're asking for similar models of the well-known smaller cars?

Nowhere else that we know of—
*which is one big reason why
Buick outsells all others cars
in America except two of
those smaller cars.*

BUT RIGHT ALONG with low price is something else behind Buick's big success: Buick is a lot more automobile for the money.

It gives you more room and luxury—more zip and power thrill—fine handling and sure-footed stability.

And it gives you something you can get in no other car—today's advanced new Variable Pitch Dynaflo.* It's the only transmission in the world with the cruising thrift and the switch-pitch safety-surge taken from the modern plane's propeller.

So WHY WAIT any longer—when the time to take action is now, so you can start enjoying all the golden months of

summer and fall in a new '56 Buick?

Now—when Buick prices are as low as—perhaps lower than—they'll ever be again.

Now—when your present car is at its peak of worth—and when today's high volume '56 Buick sales permit us to make you an even better trade-in allowance.

Come see us—and look into the car that puts you years ahead *right now*.

Come see us today—and discover the dilly of a deal that will make you wonder why on earth you waited as long as you did.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

SOCIETY EVENTS

R. C. Wilton Weds Chicago Girl, July 28 In Oak Park Church

In a double ring service at the First Methodist Church of Oak Park, Miss Vicki Joyce, 5211 Pensacola ave., Chicago, became the bride of Robert Charles Wilton of Antioch at noon on Saturday, July 28.

The bride, daughter of Mr. and Mrs. Robert J. Dunlap, was given in marriage by Mr. Dunlap, her step-father. The groom's parents are Mr. and Mrs. Robert J. Wilton, 984 Victoria St., Antioch. The Rev. Howard Benson of the Antioch Methodist Church performed the services.

Carrying amazon lilies and stephanotis, the bride wore a full-length gown of Chantilly lace over white satin; her veil was a French seed pearl imported cap with illusion veiling.

Maid of honor was the bride's cousin, Miss Roberta Funk. She wore a Nile green taffeta dress with a picture hat, and carried Cascade Glamellias. Carrying similar flowers were Shirley Brubach of Chicago and Kathy Crusius of Bloomington were bridesmaids and wore coral taffeta dresses and picture hats.

The groom's brother, William James Wilton, was best man. His cousin, Earl Ross Tedrow of Kirkwood, Mo., Bruce Stahmer and David Petty of Antioch, and Norm Voight of Chicago were ushers. All the men wore white tuxedos with navy trousers and accessories.

Blue taffeta with sheer lace trim and blue accessories made up the mother of the bride's dress. The groom's mother wore blue lace trimmed with net and white accessories. Their flowers were both Cymbidium orchids. Mrs. John Funk, the bride's grandmother, wore a two-piece silk shantung dress with a pink nylon flowered hat.

Special organ music was provided by Corliss Arnold, Minister of Music at the Oak Park Methodist Church. Following the wedding, a reception was held at the Norske Club in Chicago and was attended by 175 guests.

The newlyweds both attended Bradley University, where Wilton had graduated in June with a Bachelor of Science degree. Miss Joyce was a member of the Gamma Phi sorority, and Wilton belonged to the Theta Chi fraternity.

After a honeymoon trip from Chicago to Mackinac Island and northern Michigan and Wisconsin, the Wiltons will live in Chicago where both are employed.

Bake Sale Planned At WOTM Meeting

Entertainment at the regular initiation meeting of the Antioch Women of the Moose on Aug. 2 was a pantomime play presented by Joan Burton and assisted by Mrs. Burton. Initiated at the meeting were Mrs. Paul Sadyeck and Mrs. James Goffron.

The meeting was attended by 61 members and a guest, Mrs. Irene Colger of Forest Park, Ill., of WOTM Chapter 245.

Bake sale plans were discussed at the meeting; it will be held on August 31 at 11 a. m. at the Grande Cleaners in Antioch. This will be sponsored by the Mooseheart and Publicity committees, both of which will meet to make plans at the home of Mrs. Mildred Gillum on Tuesday, August 14.

Refreshments at last Thursday's meeting were provided by the Mooseheart Alumni committee. Mrs. John Delany was in charge, assisted by Mrs. Margaret Roof, Mrs. William Carrick, Mrs. Carl Casplison, Mrs. George Bacon, and Mrs. Frank Kennedy.

The Publicity and Mooseheart committees reported that a good crowd attended the Loyol Order of Moose annual picnic last Sunday at Fox River Grove. Rides, games, favors, and refreshments were provided for the children, whose activities were supervised by a Moose clown.

The Loyol Order of Moose Lodge 525 also sponsored a dance at the Lodge Home for the benefit of the Antioch Little League. Businessmen of Antioch donated prizes, and Kenneth Kirchmeyer's band provided the music. A report on the proceeds will be published later.

Charles Bock to Wed Gail Silber of Cincinnati In Sept. 3rd Wedding

Mr. and Mrs. Albert F. Silber of Cincinnati, Ohio, announce the coming marriage of their daughter Gail Christine to Charles M. Bock, son of Mr. and Mrs. Harold E. Fillweber of Antioch.

The wedding is to take place at 7:30 p. m. on September 3 in the Montfort Heights Methodist church in Cincinnati.

Both are seniors at Miami University in Oxford, Ohio, where the bride-to-be is past president of Theta Upsilon sorority and president of the YWCA. Mr. Bock is a member of Delta Upsilon, Sigma Gamma Epsilon, Omicron Delta Kappa, and Arnold Air Society.

Mrs. Robert C. Wilton, as shown above, was the former Miss Vicki Joyce of Chicago.

Antioch Man to Retire At 65 After 50 Years With Same Railway

Victor M. Weger of Antioch, freight traffic manager of the Chicago and North Western System in Chicago will complete 50 years with the railway this month, according to W. H. Roberts, president of the C & N W Veterans Association.

Weger, who now resides at Gifford's Fair Oaks after almost 20 years in Oak Park, plans to retire at the end of September this year, following his 65th birthday. A brother, A. J. Weger, retired last year as manager of North Western's mail, baggage and express department following a career that also spanned 50 years.

A native of West Chicago, Ill., V. M. Weger started August 20, 1906, as a 14-year-old clerk in the railway's general freight department, Chicago, and came up through the ranks to become an officer of the road 20 years later with his appointment as assistant general dairy agent in 1926. He was made general dairy agent the following year.

Weger was appointed assistant general freight agent in 1945, and assistant freight traffic manager in 1953. Last year he was promoted to freight traffic manager in charge of dairy and grain products and canned goods.

R. L. Robertson of Grass Lake Retires After 50 Years Service

A Grass Lake man, formerly of Chicago, Robert L. Robertson, retired recently after more than 50 years service as Special Agent in the Western division of the Freight Claim office of the New York Central Railroad.

Mr. Robertson, who built one of the first cottages at Grass Lake, and his wife have been permanent residents there for the past seven years.

List New Moose Members

Recently initiated members to the Antioch Loyol Order of Moose 525 are as follows: Alphonse H. Berg, Donald Epping, John Gregorich, Edward C. Hofkamp, Donald R. Knigge, Dave Levey, Lloyd E. Murrie, R. M. Ross, Victor R. Schon-edek, Raymond Schultz, William Simmons, Paul A. Sudzeck, Floyd L. Toliver, Kenneth Tonyman, John G. Wagner, John Wiecek, and Fred L. Wright.

Engagement Announced in Cincinnati

Gail Silber of Cincinnati, Ohio. She will marry Charles Bock of Antioch in a September wedding.

Announce Betty Miller Betrothal to D. Cullen

Mr. and Mrs. Fred C. Miller of Kenosha, Wis., announce the engagement of their daughter, Betty, to Pvt. David J. Cullen of Genoa

City, Wis. No definite date has been set for the wedding.

Miss Miller, who is 17, graduated this June from Antioch Township High school; and Pvt. Cullen, 18, is now in the Army after graduating in June, from Genoa City High school. He is the son of Mr. and Mrs. Sandy B. Logan.

Glenview Retirement Ceremony Honors Son of A. E. Hansens

The son of an Antioch couple, Mr. and Mrs. Arthur E. Hansen, was honored last Wednesday, Aug. 1, with special ceremonies at Glenview Naval Air Station upon the completion of 22 years of service.

Chief Earl E. Hansen, 39, of Wauconda entered the service when he was 17 years old, and has been stationed at Glenview since its opening, about 20 years ago. He and his wife Marie and two daughters, Pat and Sandy, moved to Wauconda from Chicago four years ago.

During the impressive ceremony Wednesday, the commanding officer of the air station made public Hansen's service record to the men of the station, dignitaries and numerous guests gathered to witness the honorary service. Earl then passed through the rows of Naval chiefs standing at attention while the boss "piped him over the side," marking the end of his naval duty.

Witnessing the special services were Chief Hansen's wife and daughters, and his parents, Mr. and Mrs. Arthur Hansen, and a sister, Mrs. Alice Ruppert, who were picked up at their Antioch homes and escorted into the base by special auto.

A party was held in the Chief's Club at the station immediately following the ceremony. Another party was given for him a week ago Friday night by his crew, at which time he was presented with a Witt-nauer watch.

No definite plans have been made for the future by the retired naval officer.

Parents of Baby Daughter

Mr. and Mrs. Donald Bushing of Zion, Ill., announce the arrival of a baby daughter, Linda Jean, on Wednesday, July 29, at Victory Memorial in Waukegan. The grandparents are Mr. and Mrs. Ray Bushing.

Mrs. James Bruski of Lake Marie, Antioch, was admitted to St. Theresa Hospital in Waukegan yesterday. An operation was scheduled for today.

Reservations Asked For L. C. F. Summer Party at Wilmette, Ill.

Mrs. Clarence Spiering, president of the Antioch Woman's club, has directed attention to the Lake County Federation Summer party and has asked that all who plan to attend to immediately make reservations by getting in touch with Mrs. William O'Neill, 871 N. Oakwood, Lake Forest whose telephone number is Lake Forest 79, as no acceptances can be received after Friday. A check should be enclosed for \$2.75, tax and tip if one writes in.

The event will be held Tuesday, Aug. 14, at the Michigan Shores Club at 911 Michigan Ave., Wilmette and is reached by taking Skokie Highway to Lake st. east to the lake. A 12:30 board meeting will be followed by a 1 p. m. luncheon at which a style show by Hein's of Waukegan will display fall fashions using club members as models.

Members may bring guests and all from the club are urged to attend. Mrs. Spiering has added the name of Mrs. Louis Biel to the recent ribbon winners at the McHenry Garden Show. Mrs. Biel exhibited wax beans.

Vacationing for a month at her summer home on Lake Marie is Mrs. Anna Zalatoris of Shady Nook. While here she has celebrated her 62nd birthday and entertained over 35 guests.

Also at Lake Marie, Mr. and Mrs. Joseph Plavosac are spending two weeks vacationing at their summer home at Shady Nook.

Mr. and Mrs. C. W. Wikoff and children of Urbana visited Mrs. Wikoff's parents, Mr. and Mrs. Joe Rhymer of Antioch a week ago. Mr. Wikoff returned to Urbana on Monday, and Mrs. Wikoff and children remained for the week.

Murderer of Woman At Lake Catherine Breaks Jail, Captured

Fourteen hours after she and a companion sawed their way out of the Lake County jail at Waukegan Sunday night, Mrs. Maxine Jarolimek, recently convicted of strangling her mother-in-law, Mrs. Irene Jarolimek, 55, to death near Antioch, was back in jail.

She and her companion, Mary Ken condition in a skid row tavern ken condition as a skid row tavern in Chicago.

The jail break occurred the day before Mrs. Jarolimek was to be taken to woman's prison to begin a life sentence.

The two women worked 10 hours in sawing a jail window bar, slid through a 9 x 12 inch opening and dropped 10 feet to a roof and 10 more feet to the ground in making their getaway. How they got the saw is not known. With money possessed by Mrs. Jarolimek they went by train to Chicago where they spent the night Sunday.

Their escape was not discovered until Monday morning.

A tip-off to Chicago police resulted in their capture.

Miss Walker, aged 18, had a week to serve on a disorderly conduct charge. She is now liable to severe penalty if it can be shown she aided Mrs. Jarolimek in escaping.

Mrs. Jarolimek is now in the women's prison at Dwight, Ill., having been taken there Tuesday to begin her life sentence.

It was disclosed yesterday that her companion Mary Ann Walker, has been going under an alias, and that her real name is Carolyn Lockhart of Lagrange, Ill., who was adopted by Mr. and Mrs. Alex Lockhart from the Lake-Bluff orphanage. She is a ward of the Family Court at Chicago and is wanted for two burglaries in La Grange.

She said that Mrs. Jarolimek got the saw but was too scared to make the jail break until she promised to go with her.

Miss Lockhart is now awaiting a court hearing on her jail break.

Telephone Co. Readies For Political Meetings In Chicago, California

Whether they read about it in the newspapers, watch on television or listen by radio, residents will get the news of the Democratic National Convention by means of one of the largest single communication networks in history.

Telephone company experts are now working around the clock to connect the complex system before the convention starts in Chicago August 13, according to Ira Andrews, Illinois Bell manager here.

He said that facilities, to handle millions of word for the press, radio and TV are being installed by Illinois Bell Telephone company and the Long Lines department of the American Telephone and Telegraph company. Included in this giant sized communications package will be:

—For the press, the Bell system is installing nearly 600 additional teletypewriters in Chicago and San Francisco, site of the Republican convention. A network of 760,000 miles of teletypewriter circuits will be available to carry the news to 10,250 press outlets across the country.

—50 television channels added to carry the convention to 400 stations in 270 cities. Video requirements for this year's convention are 70 per cent greater than in 1952.

—More than 1,500 radio stations will carry the programs.

—5,500 additional phones plus 160 private lines and about 500 other special lines.

—50 switchboard, to handle the expected floods of calls at party and campaign headquarters.

—11,500 miles of telephone wire to connect the convention hall into the regular telephone equipment. Inside the Amphitheatre, 1,500,000 more feet of wire was installed—enough to circle the building 725 times.

—250 teletypewriters and 1,330 "voice pathways" between telephone exchange buildings, 138 radio circuits and 21 telephoto machines.

—54 microwave antenna "dishes," 28 of which are atop the Amphitheatre. Others are scattered around the city, so that all main points are blanketed.

Illinois Bell also is ready to move on short notice to any spot where news might break. Additional cable has been installed at the airport and standby equipment, including emergency trailers, is set to cover even the remote areas.

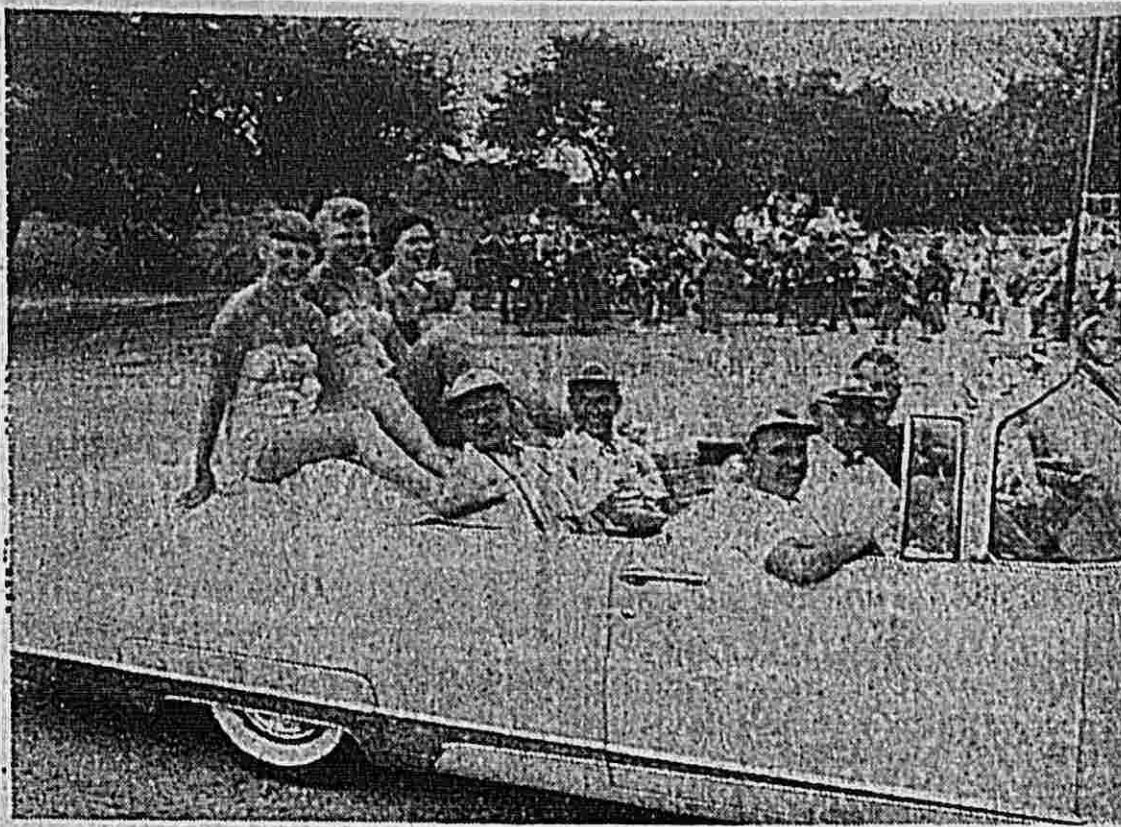

Meanwhile, the Bell Telephone Center at the Amphitheatre is completed and the 110 Illinois Bell employees including 80 personable "Miss Voices With a Smile" have been trained to man it. They will handle messages, phone calls and requests for information.

Fire Department Buys Hose

The village board has approved the expenditure by the Antioch fire department of \$1,052 for new hose and other equipment.

Recent tests indicate antibiotics fed to farm animals may slow down the movement of food through their digestive tracts and thus increase their utilization of feed, says the August issue of Successful Farming magazine.

Lifeguards Brave the Lions Den in Parade

Riding with officials of the Lions Community Service Corp. officials in Sunday's parade were the Aqua Center life guards, left to right, Maureen Smith, Kathy Arndt, and Patsy Keulman. The Lions are, left to right, Dr. James Kopriva, Atty. Ted Larson, William Brook, K. F. Deltrick, and the driver, Jack Fields.

Executives' Car in Aqua Center Parade

"Let's go!" said Dr. G. W. Jensen, president of the Lions Club Community Service Corp. (hand on car door), as he prepared to enter the executives' car to enter the parade in Antioch Sunday afternoon. Back of him is President James McMillen and in the car Rep. W. J. Murphy. At the wheel is E. T. Runnfeldt, the driver.

Cmdr. Richard Seyfarth of the Veterans of Foreign Wars, left, and John W. Horan, commander of the Antioch American Legion post, right, are shown raising the American flag which their organizations presented to the Lions Aqua Center last Sunday afternoon. In the background are color bearers of the two posts.

Call for Football Physicals

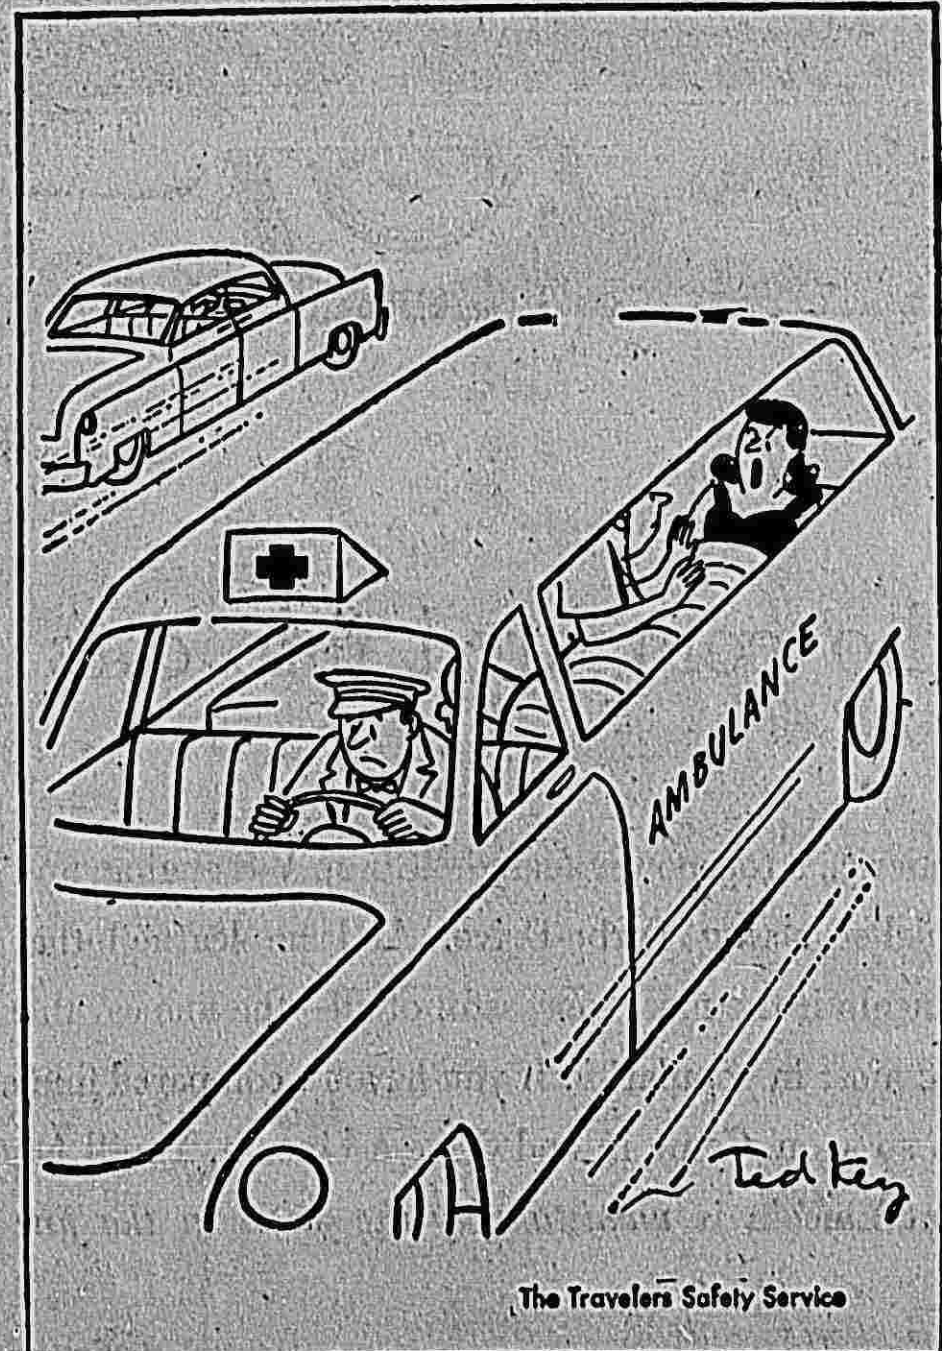

Coach Paul Kessenich has announced that all boys planning to play football at Antioch Township High School should report to the Antioch Clinic between the hours of 9 and 12 a.m. weekdays for physical examinations.

Opening Service Station

Earl Rushmore of Fox Lake has leased from the D-X Sunray Co. the service station at Main and Lake sts. formerly occupied by the Shell Oil Co. and it will be opened in the next few days in the sale of D-X products.

Fatal Fallacies

by Ted Key

"Stop sign ahead... Watch that car... Not so fast... Man crossing... Easy on..."

Pool Dedication . . .

(continued from page 1)
The Aqua Center in miniature by showing six children swimming in a pool filled with water and a man in a lion's outfit in the life guard chair.

Although it was not labeled, a balloon-covered truck which bore the words, "Let's go swimming," was the work of the parade marshal, John Dupre.

The Antioch High School band marched and played under the direction of Louis Chenette.

Next in line were floats of Dr. R. A. Carlucci, and the Kirchmeyer Construction Co., an Eldorado carrying the Carlucci children depicting Miss Antioch and Mr. Antioch of 1966, and a Crosley bearing Lois Plattum as Miss Antioch Heights.

Two floats were Bell Telephone Co. trucks, one bearing two girls dialing colored telephones.

Bristol Band a Good One
Next came the Bristol Farmers band which drew much attention in its uniforms of overalls and straw hats.

A scout troop was next in line. Quite attractive was the Gibbs and Jensen float, a boat beautifully decorated congratulating the Lions and drawing attention to the new pool.

The old as well as the new was represented in the parade. Homer LaPlant drove an old Ford touring car of David Nissen; a Ford sedan advertised Ray's Shell station; and an old Chevrolet of 1919 vintage was driven by Roger Drije.

Two horses from the Antioch riding stables were well behaved in the procession.

A donkey team and cart were entered by the Carey Electric Co.

Beautiful trucks were displayed by The Best Venetian Blind Co., the Lake Region Bottled Gas Service, Western Tire Auto Co., Borden's three trucks, Chain O' Lakes Cleaners, Olson Implement Co., International Harvester, and Antioch Packing Co.

The finale was the traditional calliope provided by Dave's Square Deal Amusement, the carnival company that served the Lions Club last week.

Space is insufficient to give details of the floats and names of the participants, but the parade showed evidence of much work done.

Center Gets New Flag

At the Aqua Center a flag was presented to Dr. Jensen of the Lions corporation by John W. Horan, commander of the American Legion in the presence of Richard Seyfarth, commander of the V. F. W.; and while the massed bands played the Star Spangled Banner, it was raised to position on the flag pole.

Fifteen salutes of aerial bombs were fired by the fire department.

Selection were played by the army, high school and Bristol bands as the crowd gathered around the fenced off swimming pool. There a troupe of four men and one woman gave an hour's exhibition of fancy diving and swimming, injecting much comedy which in itself involved difficult feats of diving.

From a platform on the south apron of the pool, a program of speaking was conducted in the dedication of the pool.

History of Project Reviewed

Loren Sexauer served as master of ceremonies. The Rev. Alfred J. Henderson of St. Peter's church gave the invocation. Dr. G. W. Jensen gave a history of the conception, promotion, and resultant campaign through which the Lions Club and its subsidiary organization produced the Aqua Center. Those who participated directly in the project were named or introduced.

Rep. W. J. Murphy said that the idea of a swimming pool for Antioch dated as far back as the days when he operated a lunch stand in Antioch, and he congratulated the Lions Club on the action it produced.

Treasurer Wright Speaks

The main speaker, State Treasurer Warren E. Wright arrived a little late and much of the crowd had left before he was introduced.

He took opportunity to speak of the Hodge embezzlement of funds and said that a weakness of the law provides that warrants from which state checks are drawn revert to the state auditor's office whereas they should remain with the treasurer. Had this been the situation the embezzlement by State Auditor Orville Hodge might not have occurred. He called upon Rep. Murphy to help amend the law to correct this situation.

Wright praised Governor William G. Stratton for his prompt action in removing Hodge from office and politics. He said the money Hodge took will be repaid.

"We are living in an imperfect order of freedom but it is the best government despite the fact that some men are unfaithful," he said.

Treasurer Wright said full confidence will be restored in the Republican party in Illinois by the time of the election.

Because of the lateness of the hour, the plaque ceremony was omitted. The mold for the plaque at the front of the building was prepared by David Nissen, Regal China Co. employee and sent to a Chicago firm for the bronze cast.

Flash Floods . . .

(continued from page 1)

be a larger storm sewer and installation of it would be up to the abutting property owners who would have to pay the cost and not the village.

"If we can do anything about it we will," said McMillen, and he promised to investigate on the occasion of the next heavy rain to ascertain where the water is coming from and whether the situation can be remedied.

In other business the board accepted the roads of the Powles subdivision, but instructed Frank D. Powles, the owner, to seed the embankments along the road so that the clay will not be washed down into the storm sewers.

Atty. Richard Seyfarth, representing Albert Herman of North ave., presented an agreement by which for 10 years Herman will reserve a 60-foot strip from his subdivision to be used as an extension of Depot street. This was deposited with the village attorney and will be kept by the village for application if a similar grant is given by the Ackerman estate, and the road put in.

Herman, the client, has been in poor health, and was not present.

Tax Levy \$32,650

A tax levy of \$32,650 was passed.

This is more than last year owing to the growth of the village services and the need for two men to direct the supervision of streets and the sewage disposal plant. There will be more income to pay for this service.

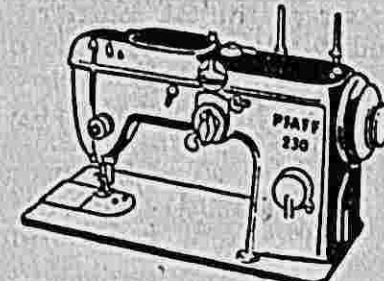

To correct title, the board vacated what was known on the map as Pleasant st. in Larson's second subdivision on Ida ave. The village easement for a utility line was corrected as to location under a new mapping.

The board approved the appointment of James McDowell as a member of the fire department. He is an employee of the Lake County Sheet Metal Works.

Purchase of a 1,000 gallon tank to contain gasoline for use by the village trucks and cars was ordered.

YESTERDAYS

Present-day Antiochans were very much in the news in 1939, as they are today. Mayor McMillen was making headlines as a professional wrestler, and the following story appeared in the Antioch News in the spring of that year:

"Although Jim McMillen is a wrestler of national renown, his appearance on a benefit program for the Antioch fire department March 31 in the AHS gymnasium will be one of the first 'professional' ones he has made here." The boxing and wrestling show was sponsored to raise funds for the purchase of new uniforms.

Other local people were also in the paper 16 years ago:

"Ted Larson of Antioch, who is a student at Illinois College, Jacksonville, has been elected president of the sophomore class there. Larson has also been re-elected as an officer of Phi Alpha fraternity."

"St. Mary's Church in Evanston was the scene of a ceremony of interest to Antioch residents Saturday afternoon when John Dupre of this village and Gertrude Tegelman of Evanston were united in marriage. Mr. and Mrs. Dupre are now on a honeymoon trip in the south. The bridegroom is proprietor of the Lake County Sheet Metal Works."

"All four of the St. Bernard dogs exhibited by Ray Eddy of Antioch at the International Kennel Club's show in Chicago last week-end won blue ribbons for their class."

"Mr. and Mrs. Fred Swanson left Sunday to attend the national Shrine convention in Baltimore,

Md., and to visit the World's Fair in New York."

"Mmes. Irving Elms, V. B. Felter, and Henry Rentner were holders of winning scores Friday afternoon when Mrs. Harry Radke entertained the members of her bridge club at her home."

"Word has been received from Daytona Beach, Florida, of the arrival there recently of Mr. and Mrs. William A. Rosing and Mr. and Mrs. George Garland of Antioch. They are staying at the Riviera hotel."

"Mr. and Mrs. John Horan, Mr. and Mrs. J. C. James, Mr. and Mrs. Lester Osmond and family and Mrs. Ida Osmond were the Antioch residents who attended the annual 'Joseph Christopher James' family reunion Sunday in Milwaukee."

Village News in 1933

1933 was the year in Antioch that the Hub of the Lakes Region Association released the famous \$200 fish, "Fanny" and others valued from \$1 to \$50. Released somewhere in the Chain O' Lakes in June, Fanny was caught in Pistakee Lake in July of that year.

School news that year included the re-decorating of the Antioch grade school and the addition of Antioch Township High School to the "approved" list of the North Central Association of Colleges and Secondary Schools for the fifth year.

"ATHS vocational ag. students garnered enough points in the all-around judging of grain, poultry, dairy cattle and fat stock to rank fourth among the 28 vocational schools entered in the Annual Sectional Contest conducted at Sugar Grove, Ill., Friday."

The Antioch recreation department sponsored several big activities of interest to youth in 1933. "Twenty-nine pets, ranging from frogs and ducks to hens, dogs, canaries and ponies, were exhibited in Antioch's first annual pet show, sponsored by the recreation department Friday afternoon on the Grade school grounds."

Later in the year it sponsored a decorated vehicle parade and included doll buggies, wagons, tricycles and bicycles in its contest for anything on wheels. Prizes were awarded to the most artistic, most comical, most original and smallest outfits.

"That the time-honored games of checkers and chess have their appeal to youthful as well as older minds is proved by a new organization at ATHS this year (1939), the 'Checker and Chess Club.' Another active organization is the Stamp Club, which is planning a

banquet and exhibition early in March."

One of the most unusual news items in 1933 told that a 42-inch alligator had been found in Cedar lake. When taken to Brookfield zoo it was estimated to be seven years old.

In the women's news, "The newest fashion whimsey is to wear bouquet bracelets matched to the color of your nails." Other items said that the turban hat was very chic and that the bustle was going to be an addition to the autumn styles. The description of a 1939 bathing suit is as follows:

"The Gay Nineties Dressmaker bathing suit comes back again, featuring full skirt, basque bodice, snug-fitting waistband and tiny puffed sleeves with touches of narrow black velvet ribbon. Underneath the sanforized-shrunk cotton outfit, jersey tights fit snugly—making a complete trim and shipshape ensemble."

LINCOLN

The longest, lowest, most powerful Lincoln ever

Picture of a happy man who compared fine cars

He looked—he compared—and he discovered that the time had come for him to own a Lincoln! For much to his surprise he found that some fine cars have changed little in three or four years—while Lincoln alone is completely new. He saw that Lincoln's beauty is clean-lined, smart without pretensions. He found that only Lincoln has the incomparable performance of

America's top power team—285-hp V-8 engine, and smoother, quicker acting Turbo-Drive. And he learned that this new Lincoln is the most successful of all—the fine car that is gaining the most in popularity. If you haven't compared fine cars lately, do so soon. Come in and drive a Lincoln. You'll happily agree that Lincoln is *unmistakably the finest in the fine car field.*

Small Road Districts Called Inefficient and Costly by IAA, ISCC

Chicago—A study of small road districts, partly financed by the Illinois Agricultural Association and the Illinois State Chamber of Commerce, shows clearly that small road districts are inefficient and costly.

Made by the University of Illinois department of agricultural economics, the study definitely supports the IAA position that larger road districts are "better buys" for the following reasons:

1. More effective administration can be had with larger road districts.

2. Larger road districts permit more efficient use of machinery and equipment.

3. Materials, bought in quantity by larger road districts, are less expensive because of discounts and quantity purchases.

4. Labor more highly skilled can be utilized with the bigger, more adequately financed road districts.

5. Larger road districts permit local government officials to pursue a long-range planning program instead of forcing them to adhere to a patch-work method of road improvement.

The U. of I. study dealt with administrative, maintenance, and construction costs in relation to the size of the road units.

Areas covered in the study included the nine state highway districts in Illinois. Separate analyses were performed in each district so that the effect of geographical factors could be minimized, according to the study.

Featured in an article appearing in the current issue of the IAA RECORD, the official monthly publication of the IAA, the study shows that as mileage per unit increases, the maintenance and administrative cost per mile decreases.

In highway district No. 1, for example, the cost per mile in the 19-mile unit was \$722. Another unit in the same state district with 40 miles of roads showed but \$420 cost per mile.

And a 120-mile unit in the No. 1 district reported \$389 cost per mile, proof that large road districts are more efficient and can build and maintain roads at lower costs.

"We can conclude that the IAA position recommending larger road districts is sound and that taxpayers can have adequate roads at a lower cost per mile," the IAA RECORD article says.

Environment Counts More Than Heredity In Dairy Herd Results

A dairyman's income is tied directly to the type of environment he provides for his dairy herd. In other words, where and how he keeps them is what counts.

Cornell University studies of several thousand herds in New York State indicate that 60 per cent of the difference between herd production levels is linked to environment and 40 per cent to heredity. But both are tied together so closely that you can't get the best out of one without the other, according to a report in the August issue of Successful Farming Magazine.

When you evaluate a cow, the article says, it's as important to know whether she produces more or less than her stablemates in the same herd having the same opportunity as it is to know whether she produces 400 pounds or 500 pounds of butterfat in a lactation. The fact that a cow makes 400 pounds of butterfat doesn't tell you much unless you know if she is superior or inferior to her stablemates. This is particularly important when you're buying a cow, because a cow may appear to you to be superior, but actually she may be a medium cow in a good environment.

Here are seven important feeding and management practices that the article says account for significant differences in milk production:

1—Breed, feed, and manage heifers so that they will develop into large cows.

2—Give your cows a dry period of 45 to 60 days to allow for maximum production.

3—Don't breed back a cow for 60 to 90 days following calving.

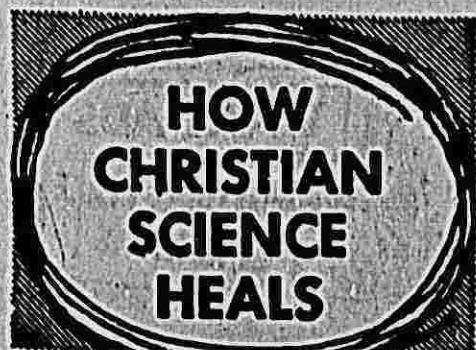

4—Have a large percentage of your cows freshen in the fall.

5—Prevent the summer slump in milk production by providing supplemental feed.

6—Cut hay and grass silage early.

7—Continue to work on a faster milking program.

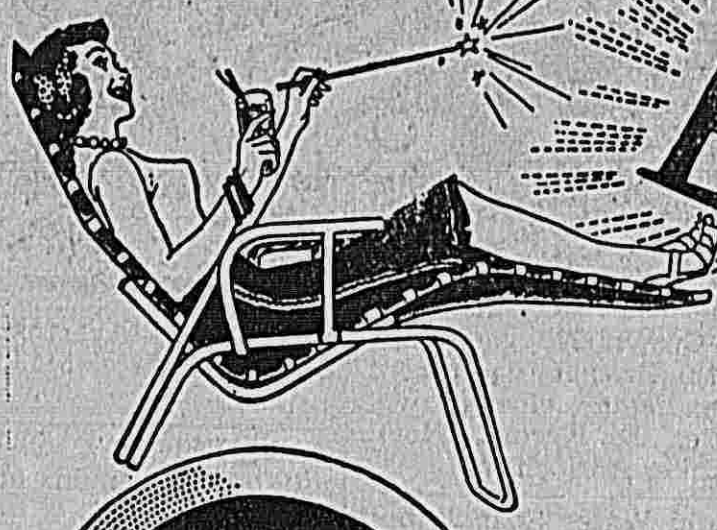

Any breeding program should have as its main objectives the lengthening of productive life at a high level. If this is accomplished, the necessary type will be developed as well. If the average life of each of your cows could be increased by just one year, the lifetime profit per cow could be increased about one-third, well worth the efforts to improve environment and heredity, the magazine says.

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Mr. and Mrs. E. P. Simma of Minneapolis spent several days with Mr. and Mrs. Joe Galiske. Weekend guests were Dr. and Mrs. J. D. Swain of Chicago. Sunday Dr. and Mrs. Leonard Gratkins spent the day.

Leslie Herbst was a dinner guest of Mr. and Mrs. Al Mohr. They dined at Henning Johnson's.

Ann Christiansen, Leona Maley, Millie Luehr and Pat Stark were luncheon guests of Mrs. Rosette Valey of Waukegan last Friday. After lunch they all went to Pat

Stark's home for cocktails and canasta.

Ann Sletten is on the sick list. She came home from Minnesota with a bad case of shingles. Hope she'll soon be better.

Edna Stevens, Harry Cockran and Dickie Stevens were dinner guests of Mr. and Mrs. Carl Larson of Crooked Lake last Saturday.

On Sunday, Edna Stevens gave a birthday party for her granddaughter, Diane Stevens who celebrated her 12th birthday. Barbecue shish-kebob was served with birthday cake and all the trimmings followed by a splash party.

Mrs. Edna Stevens attended a stork shower given by Mrs. Art Stevens of Skokie in honor of Mrs. Walter Peterson. There were six-

teen ladies present. Mrs. Stevens spent the week-end in Chicago.

Ragnar Johnson was a dinner guest of Mr. and Mrs. Frank Luehr. They dined at Henning Johnson's.

Mr. and Mrs. Ralph Stollenwerk and son, Gary, are back home from Colorado where they spent their vacation.

Kerrieth Weismantel spent the week end with his grandparents, Mr. and Mrs. Barney Weismantel. Miss Georginana Metz will spend two weeks with her father and fam-

ily, Mr. and Mrs. Herman Metz. They will spend several days at the Dells. Mr. and Mrs. Harry Larsen also went to the Dells.

Mr. and Mrs. Ralph Sanders entertained relatives from Dixon, Ill.,

Mrs. Freda Lindquist and Mr. and Mrs. George Lindquist and family and Mr. and Mrs. Roy Zichuhr and family, at a dinner party. Guests who dropped in later were Mr. and Mrs. Swanson of Chicago, Mr. and Mrs. Robert Lindgren and children from Aurora, Ill.

YOUR KITCHEN - 10 degrees cooler -

WITH A NEW ELECTRIC RANGE!

The happiest surprise a woman gets with her new electric range is that her kitchen stays cool in hot weather... even if the oven's on for hours!

The reason: a modern electric range keeps your kitchen about 10 degrees cooler. Why? It keeps the heat in the oven where it belongs.

But electric ranges offer many other advantages. Today, nothing cooks faster! And many have thermostat-controlled surface units that put an end to pot watching. And they are cleaner to cook with. Your kitchen stays about twice as clean.

You'll also find scores of "new idea" features. There are automatic roast meters, French-door ovens, built-in rotisseries, and many more. See them now at your electric appliance dealer's. Find out how easy it is to have a modern electric range in your kitchen.

Big saving—we pay part of your range installation cost!

Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

And you get more than a money saving!

Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

Waukegan Infantry Adds 'Med' Company, Seeks Area Volunteers

"When they say 'thanks Doc,' you really know you're doing an important job," says Evester Moore, Jr., of North Chicago.

And he should know. For eight months he served as a litter bearer and aid man in Korea. He was explaining his reason for joining the recently organized 337th Medical Company in the Waukegan area.

"When I heard that a 'Med Company' was forming right near home, I just had to get in it," the corporal continued. "It's a job that calls for guts, and one to be proud of. My medical company in Korea was always getting letters from men we pulled out from under enemy fire."

Army records back up Moore's feeling. Due to the work of medical service corps men during the Korean conflict, the lives of the great majority of wounded soldiers were saved by treatment by the medical service corps and evacuation to the rear.

As a member of the 337th Medical Company, Moore will continue to train for "the only military job I want to do."

The 337th Medical Company is part of the 337th Infantry Regiment. Medical platoons are being formed by men from various communities in the area.

Moore feels that the excitement of medical service corps will appeal of young men just out of high school. He explains that men don't have to know anything about medical service—the Army gives each training for his job.

The sparkplug behind the Antioch-Zion medical platoon is Clifton Capp, well-known Zion high school teacher and coach. "We'd certainly like to get a group of high school graduates in these two towns who have gone around together for years to work together in the Antioch-Zion medical platoon," said Capp who is a first lieutenant in the medical service corps. His home phone is Antioch 587R2.

Dr. Franklyn Newmark of Mundelein is commander of the 337th Medical Company.

Further information about the 337th Medical Company is available at the Army Reserve office, 325 Washington st., Waukegan, or by phoning Capt. Ralph Homan at Ontario 2-1125 in the Waukegan office.

Famous Shorthorn Herd From Lake Villa to Be In Three State Fairs

The Susanna Farms Shorthorn herd will again be represented at the Illinois, Wisconsin, and Iowa State Fairs, starting next week. This herd, located at Lake Villa, Ill., is owned by S. J. O'Bryan, and was founded almost 20 years ago. The present herd sire is Leveledale Custodian, \$19,000 top of the 1952 Mathers Brothers sale at Mason City, Illinois. "Custodian" was the grand champion bull at the 1952 Illinois, Iowa, Indiana and Kentucky State Fairs, and Reserve Grand Champion at the Eastern National and the International at Chicago.

In 1955, sons and daughters won two reserve grand champions, five firsts and five seconds at the Illinois State Fair, grand champion bull and three firsts at the Wisconsin State Fair, and a son was grand champion International Congress Sale bull. In 1956, a son was sold to head the Shorthorn herd at the University of Wisconsin at Madison and four daughters brought the high average of \$1750 at the annual Marcellbar Invitational sale at Libertyville. At the 1956 Lake County Fair, a white yearling son, Susanna's Custodian 10th, was judged the best beef animal in the show, and his calves won six first prizes and both grand championships.

There will be ten head in the 1956 Susanna show string, consisting of seven bulls and three heifers. Most of the cows in the Susanna herd have been purchased at the top prices of many sales in America, and there is a liberal number of cows in the herd that have been imported from Scotland.

Drinking Americans took close to five lives per hour, killing 335 persons during the three-day 1955 Christmas holiday.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use, or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by: REEVES DRUG STORE, Antioch, Ill. Mail Orders Filled

Recognize Sunbathing As a National Sport?

If sunbathing were recognized as a national sport, it would not only be the greatest in participants, but also in spectators. No longer do women's excursions to the beach involve nothing more than slinging a bathing suit over the arm, stuffing a bottle of baby oil and iodine, along with a cap into a purse and taking off.

We now prepare ourselves for sun basking as though Christian Dior himself were beckoning us to his runway; or, if not Dior, at least the gentlemen who congregate on every patch of sand from here to Fort Mudge, whistling "Watching All the Girls Go By."

We wrap ourselves in bangled, beaded bathing suits. We bathe ourselves in sun lotions and wear sunglasses of dimensions as varied as the eyes of the hoot owl are to those of the needle. And for the final touch, we top our heads with zany hats and ensnare ourselves on colorful beach towels.

But whoa! We usually forget one thing, according to the Murine

Green beans—Celery

Based on market survey for August 6 to 11

Company of Chicago. We concentrate so hard on attracting other eyes, that often we forget our own. Granted we have our sun glasses to protect our delicate orbs from the direct brightness of Mr. Sol, but how about the water and the wind and that glare that sneaks up under the glasses? How often do we arrive home from a day of fun and frolic in the sun and surf only to find road maps staring back at us when we look into the mirror? This need not be. A few drops of eye lotion in each eye before we trek to the beach and the same procedure upon our return insures clear, clean eyes all day long.
